## Scrum Alliance Certification Workshop

### Instructor: V. Lee Henson CST

#### About The A-CSM Workshop

As a Certified ScrumMaster® (CSM®), you've been introduced to Scrum values, practices, and applications. You now understand how to provide a level of knowledge and expertise above and beyond that of typical project managers. Becoming Agile is a lifelong journey. Incorporating Scrum values and Agile principles into your world of work takes diligence, patience, and a commitment to continuous improvement.

To further enhance your knowledge and skills, the next step is achieving an Advanced Certified ScrumMaster™ (A-CSM™) certification from Scrum Alliance®. Our advanced offering is ideal for a Certified ScrumMaster who has one or more years of work experience in that role.
